

## Mod-Snap

### What is Mod-Snap?

Mod-Snap is a patented, eco-friendly, and reusable system that connects and seals the roof of modular buildings.

### Features and Benefits

- After the easy, one-time installation of the base tracks, field sets and breakdowns are a “snap”
- Works with EPDM, TPO Double wide, and multi-sectional buildings that drain from front to back
- Provides a stronger and more durable seal of your Mod-Line
